

Derwent Medical Centre

Publication of GP Earnings

All GP practices are required to declare the mean (e.g. average pay) for GPs working to deliver NHS services to patients at each practice.

The average pay for GPs working at Derwent Medical Centre in the last financial year (2016/17) was £58,373 before tax and national insurance. This is for 2 full time GPs and 1 long term locum GP who worked in the practice for more than six months.
